RE: REVISED APS RATE SCHEDULES GPS-1 AND GPS-2
Docket No. E-01345A-08-_____

E-01345A-08-0614

Dear Sir or Madam:

Pursuant to Decision No. 69663 (July 29, 2007) that states:

"APS should have a single tariff with a single set of rates that are set each year based upon APS' yearly filing of revisions to the premium."

Enclosed please find Arizona Public Service Company's (APS') revised redline and non-redline versions of Schedules GPS-1 and GPS-2. The change in the green power premium rates incorporates APS' updated renewable generation costs and avoided generation costs. APS also seeks to include marketing costs in the premium charge which will be used to enhance customer awareness and participation in the GPS-1 and GPS-2 rates. Further, APS seeks the ability to limit the amount of kWh blocks or kWh's per customer in order to better administer these particular rates.

If you have any questions or concerns please contact Greg Delizio (602)-250-2704.

Sincerely,

Leland Snook

LS/LAW

REDLINED

ADJUSTMENT SCHEDULE GPS-1 GREEN POWER BLOCK SCHEDULE

APPLICATION

Adjustment Schedule GPS-1 ("GPS-1") shall be applied to Standard Offer customers who wish to purchase electricity generated from renewable sources for their homes and/or businesses. All provisions of the customer's current applicable rate schedule will apply in addition to this surcharge. However, the charges in Adjustment Schedule EIS and Adjustment Schedule EPS-1, or successor schedules as approved by the Arizona Corporation Commission, will not apply to the Green Power kWh served in accordance with GPS-1, up to 100% of the customer's total monthly kWh supplied by the Company.

Electricity from renewable sources shall be referred to herein as "Green Power". Green Power may be:

1. Company-owned generation using a renewable resource including, but not limited to, solar, biomass, biogas, wind, geothermal, or small hydroelectric.
2. Generation not owned by the Company, but owned by another party for which the Company has contracted including, but not limited to, solar, biomass, wind, geothermal, or small hydroelectric.

In any event, the renewable energy that is provided under this adjustment schedule is limited to those resources eligible pursuant to A.A.C. R14-2-1618 or other relevant rules approved by the Commission, as may be modified or updated from time to time.

TYPE OF SERVICE

The Company will offer electricity generated from renewable resources delivered through the Company's electric distribution system.

The Company may limit the number of kWh blocks sold per customer to no more than five percent of total Green Power procured for service under schedules GPS-1 and GPS-2.

The customer shall subscribe for a specific number of blocks of electricity generated from renewable resources. Each block shall equal 100 kWh per month. The monthly charge is based upon the number of blocks subscribed for by the customer. The Company may assign limits to the number of kWh blocks sold per customer.

The Company shall limit the participation in GPS-1 based on the Green Power available to provide service under this rate schedule.

Customers are required to subscribe for a minimum of one year, but can commit to subscribe for a longer period at their discretion. Charges under this schedule will be adjusted annually with Commission approval. Customers may cancel GPS-1 service if the charges increase during the one year or longer commitment period.

A customer may only subscribe to one green power or solar rate option. GPS-1 may not be used in conjunction with rate schedules GPS-2, Solar-2, Solar-3, or SP-1.

SERVICE CHARGES

Service under this rate schedule shall be billed the Green Power Block rate of ~~\$1-000.40~~ per month for each 100 kWh block of Green Power. This charge is based on the Green Power Premium rate of ~~\$0-0100.004~~ per kWh of Green Power times 100 kWh.

ADJUSTMENT SCHEDULE GPS-2 GREEN POWER PERCENT SCHEDULE

APPLICATION

Adjustment Schedule GPS-2 ("GPS-2") shall be applied to Standard Offer customers who wish to purchase electricity generated from renewable sources for their homes and/or businesses. All provisions of the customer's current applicable rate schedule will apply in addition to this surcharge. However, the charges in Adjustment Schedule EIS and Adjustment Schedule EPS-1, or successor schedules as approved by the Arizona Corporation Commission, will not apply to the Green Power kWh served in accordance with GPS-2, up to 100% of the customer's total monthly kWh consumption.

Electricity from renewable sources shall be referred to herein as "Green Power". Green Power may be:

1. Company-owned generation using a renewable source including, but not limited to, solar, biomass, biogas, wind, geothermal, or small hydroelectric.
2. Generation not owned by the Company, but owned by another party for which the Company has contracted including, but not limited to, solar, biomass, wind, geothermal, or small hydroelectric.

In any event, the renewable energy that is provided under this rate schedule is limited to those resources eligible pursuant to A.A.C. R14-2-1618 or other relevant rules approved by the Commission, as may be modified or updated from time to time.

TYPE OF SERVICE

The Company will offer Green Power through the Company's electric distribution system.

The Company may limit the kWh's sold per customer to no more than five percent of total available Green Power procured for service under schedules GPS-1 and GPS-2.

~~The Company shall limit the participation in GPS-2 based on the Green Power available to provide service under this rate schedule~~

Customers are required to subscribe for a minimum of one year, but can commit to subscribe for a longer period at their discretion. Charges under this schedule will be adjusted annually with Commission approval. Customers may cancel GPS-2 service if the charges increase during the one year or longer commitment period.

A customer may only subscribe to one green power or solar rate option. GPS-2 may not be used in conjunction with rate schedules GPS-1, Solar-2, Solar-3, or SP-1.

SERVICE CHARGES

Four options are available. The charges hereunder represent charges to be added to energy charges (\$/kWh basis) under the customer's applicable rate schedule and applied to the customer's total monthly kWh supplied by the Company. The charges are based on the Green Power Premium rate of \$0.004 per kWh of Green Power.

- | | |
|----|--|
| A. | Green Power shall account for 100.0% of the total monthly kWh supplied by the Company. |

A customer may only subscribe to one green power or solar rate option. GPS-1 may not be used in conjunction with rate schedules GPS-2, Solar-2, Solar-3, or SP-1.

SERVICE CHARGES

Service under this rate schedule shall be billed the Green Power Block rate of \$0.40 per month for each 100 kWh block of Green Power. This charge is based on the Green Power Premium rate of \$0.004 per kWh of Green Power times 100 kWh.

ADJUSTMENT SCHEDULE GPS-2 GREEN POWER PERCENT SCHEDULE

APPLICATION

Adjustment Schedule GPS-2 ("GPS-2") shall be applied to Standard Offer customers who wish to purchase electricity generated from renewable sources for their homes and/or businesses. All provisions of the customer's current applicable rate schedule will apply in addition to this surcharge. However, the charges in Adjustment Schedule EIS and Adjustment Schedule EPS-1, or successor schedules as approved by the Arizona Corporation Commission, will not apply to the Green Power kWh served in accordance with GPS-2, up to 100% of the customer's total monthly kWh consumption.

Electricity from renewable sources shall be referred to herein as "Green Power". Green Power may be:

1. Company-owned generation using a renewable source including, but not limited to, solar, biomass, biogas, wind, geothermal, or small hydroelectric.
2. Generation not owned by the Company, but owned by another party for which the Company has contracted including, but not limited to, solar, biomass, wind, geothermal, or small hydroelectric.

In any event, the renewable energy that is provided under this rate schedule is limited to those resources eligible pursuant to A.A.C. R14-2-1618 or other relevant rules approved by the Commission, as may be modified or updated from time to time.

TYPE OF SERVICE

The Company will offer Green Power through the Company's electric distribution system.

The Company may limit the kWh's sold per customer to no more than five percent of total available Green Power procured for service under schedules GPS-1 and GPS-2.

Customers are required to subscribe for a minimum of one year, but can commit to subscribe for a longer period at their discretion. Charges under this schedule will be adjusted annually with Commission approval. Customers may cancel GPS-2 service if the charges increase during the one year or longer commitment period.

A customer may only subscribe to one green power or solar rate option. GPS-2 may not be used in conjunction with rate schedules GPS-1, Solar-2, Solar-3, or SP-1.

SERVICE CHARGES
